

AdCare's Mission

Improving the lives of our patients and their families by providing safe, effective, recovery based alcohol and drug treatment.

Vision

Expand our leadership role for the advancement of alcohol and drug addiction by providing a continuum of quality inpatient/outpatient services.

Initiate, promote and develop collaborative research studies designed to improve clinical outcomes.

Develop, expand and evaluate treatment services and interventions.

Advocate that treatment works through community education, professional education and by promoting public policy as it relates to alcohol and drug addiction.

Values

AdCare is dedicated to a culture of excellence in customer service,

Delivering and promoting services in a safe environment,

Compassionate and professional interactions,

Active promotion of self-help,

Respect for patients, families and co-workers as individuals,

Enhancing staff competence.
